MEMORANDUM FOR: ADPC

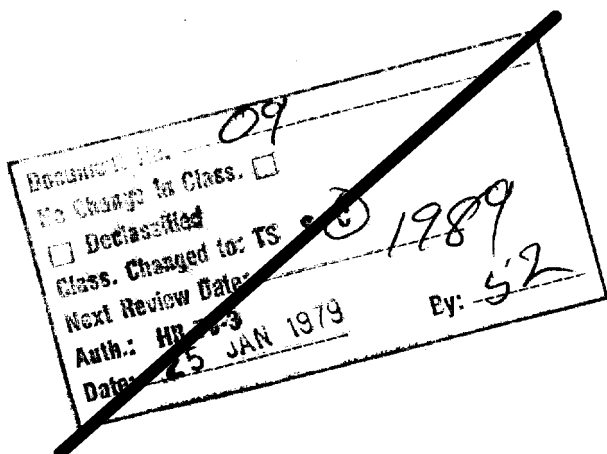

SUBJECT: OPC Position Paper on Administrative and Operational Support for Covert Offices.

ATTACHMENT: (a) Proposal for Providing Administrative and Operational Support for Covert Offices.

1. Responsive to the ADPC Staff Meeting of 11 October 1950, the attachment has been prepared by the Chiefs of [REDACTED] and [REDACTED] 25X1A
[REDACTED] OPC. The proposal is based largely on our satisfactory experience in the joint administrative direction of TRD and Commo during the past months. The addition of the Executive Secretary with city manager type responsibilities will go far toward meeting the objections to administrative direction by use of a board or committee.

2. The attached proposal has been reviewed in detail by representatives of OSO, who prefer not to raise the organizational problems here involved until further study can be given by the Executive, CIA, and the Assistant Directors concerned.

3. We shall be glad to provide any further briefing on this subject you may require.
